Kiss You

Tyrone Davis

Hey baby, I know i'm gonna miss you, but don't worry bout it,
i'll be back soon, and when i get back...

(Chorus)
I'm gonna kiss you where i miss you
I'm gonna squeeze you girl and tease you

Awh when i go on my business trips
and leave you lyin' there all alone
The only thing I can think of, Babay...
Is comin' back home ooh wee
I can see you standin' there oh yea
and that pretty pink legly jay
lookin' good I start to smile 'cuz i know right then
It's gonna be a lovely day yeah

I wish i could be home twenty-four hours a day
we both know the bills got to be paid
now when i get home there won't be much talkin'
i'm gonna let my tongue do the walking..

(Chorus)
I'm gonna kiss you where I miss you
I'm gonna squeeze you girl and tease you
I'm gonna kiss you where I miss you
I'm gonna hold you and console you

Awh sometimes when the ladies approach me
I notice that they soon turn away
All I do is talk about you baby
They don't have have much to say, naw *stop talkin*
I got all the woman i need in you
I don't have to search no more
but keep on lovin' me like you doin' babay
and i'll neva neva never get bored, naw

I wish i could be home twenty-four hours a day
we both know the bills got to be paid
now when i get home there won't be much talkin'

i'm gonna let my tongue do the walking..

(Chorus)
I'm gonna kiss you where I miss you
I'm gonna squeeze you girl and tease you
I'm gonna kiss you where I miss you
I'm gonna hold you and console you

kiss you where I miss you
I might kiss you behind yo' ear
squeeze you girl and tease you
ooh i might bend over and kiss you right here
Kiss you where I miss you
I'm gonna kiss you behind yo' neck
hold you hold you and console you
oooh I might bend over and kiss you right between yo'...
kiss you where I miss you I'm gonna kiss you where i miss you
squeeze you girl and tease you
Kiss you here, kiss you there
Kiss you where I miss you
Awh I'm gonna kiss you everywhere
Hold you and console you
miss you baby miss you baby
Kiss you where I miss you
squeeze you girl and tease you
Kiss you where I miss you
Hold you and console you ooohhh baby
