Hi

Hannah DiAmond

Sometimes it feels like
You're simply looking right through me
Do you think that's just the way it is
I'll never know
Baby I wish that, we could just meet at a party
I think that we could have great chemistry
If you notice me
I can imagine you looking deep into my eyes
I know that you're on the other side
And now I'm dreaming
Tell me you know me, and that you miss me already
Baby are you with me
Is it real
I don't know
I don't want to be alone in my bedroom
Writing messages, you won't read
I don't want to be alone in my bedroom
On the internet, waiting to say....
HiSo I see you looking right at me
Do I look like someone that you know
I'll never know
Feels like I know you, though all I have is your picture
But I think that you look pretty good
You know you do
Feels like I miss you, though is it really the real you
You say you're as real as it gets
What do you mean
Tell me a secret or something that only you know
I just need to know a little more, about you
I don't want to be alone in my bedroom
Writing messages, you won't read
I don't want to be alone in my bedroom
On the internet, waiting to say....
HiWishing, Watching, Waiting,
For you
Wishing, Watching, Waiting,HiI don't want to be alone in my bedroomI don't want to be alone in my bedroom
Writing messages, you won't read
I don't want to be alone in my bedroom
On the internet, waiting...I don't want to be alone in my bedroom

Writing messages, you won't read
I don't want to be alone in my bedroom
On the internet, waiting to say...Hi! Oh my god it's so good to see you
