

# Don't You Get So Mad

Jeffrey Osborne

We were having such a good time baby, oh yes we were  
Then you went and spoiled the whole thing baby in front of everyone  
You telling me I was wrong and that all night long  
I was staring at somebody else  
Well even if you were right, theres no need to fight  
There's no need to get upset  
Don't you get so mad about it  
You should learn to control your feelings respectively  
Arguing in public it's embarrassing  
It's always the same thing baby, accusing me out of jealousy  
I never will understand why you make so much out of such a little thing  
Don't you get so mad about it  
  
It's all so crazy now, somehow its got to change  
Take a look at yourself carrying on this way  
I know you care about the love were building here  
So why get all upset, it's just not worth it  
Listen to me my dear  
Don't you get so mad about it  
Don't be so mad, oh baby  
Don't you get so mad about it, oh  
Don't get so mad about it, baby oh  
Don't you get so mad about it, baby  
Don't you get so mad  
Don't get so mad about it, baby oh  
Don't you get so mad, mad, mad  
There is no reason to get upset  
Darling, please don't forget the love we had
