

# Love Rules

## The Kinleys

Jimmy has a girlfriend  
They play in the schoolyard  
He gives her his cookie at lunch  
She wears her hand-me-down  
Faded flannel run-arounds  
Jimmy he has more than enough  
But money doesn't catch a ball and  
That's what matters after all here  
They didn't set the boundaries  
They didn't draw that line  
They only know how they feel inside  
Maybe they're young and learnin'  
Oh no but they're no fools  
Here in their little world  
Love rules Jimmy's outa school now  
He's gettin' married  
Met the girl he's been dreamin' of  
'Round here the locals frown  
On people from her side of town  
They know how to make it rough  
The only thing that's goin' down  
Is the love that they have found here  
They didn't set the boundaries  
They didn't draw that line  
They only know how they feel inside  
Maybe they're young and learnin'  
Oh no but they're no fools  
Here in their little world  
Love rules Oh sweet blindness  
All those lines just fade away  
It only starts when your heart leads the way  
They didn't set the boundaries  
They didn't draw that line  
They only know how they feel inside  
Maybe they're young and learnin'  
Oh no but they're no fools  
Here in their little world  
Love rules
