Avenue Of The Finest

Prong

Why should I devalue my position?
Do I need to be a part of the fold?
Don't need any sort of reason
I'll just go and follow my own pathTake note of this, anyone can miss
Take note of this, you can walk with the best
Take note of this, anyone can trip
Take note of this, you can walk with the bestTake note of this, anyone can trip
Take note of this, you can walk with the best
Walking with the finestWhy should I sell myself short?
Should I lower my ideals and standards?
Must I settle for hand me downs?
I deserve the best my mind can do, I can doTake note of this, anyone can trip
Take note of this, you can walk with the best
Take note of this, anyone can miss
Take note of this, you can walk with the best
Walking with the finest, walking alone
Oh yeahI think I know which road to go
It leads up to the very top
I don't need your sense of direction
You can just stumble on and onI think I know which road to go
Leads up to the very top
I don't need your sense of direction
You can just stumble on and onTake note of this, anyone can miss
Take this for trip, anyone can miss
Take note of this, you can walk with the bestTake note of this, anyone can miss
Take note of this, you can walk with the best
Walking with the finest
