

My Time

Warrior Soul

Violence, killin' my world

Silence from all the girls

Fired, the boss is a prick

Tired, the nation is sickI'm exploding, yeah, I'm rejoicing

'Cause this is my time medicine on line

Plastic sunshine, the pleasure's all mineHated 'cause I love rock 'n' roll

Bankers love the money they stole

Gassed out on yesterday's dream

No one brother is blowin' my sceneI'm exploding, yeah, I'm rejoicing

'Cause this is my time, medicine on line

Plastic sunshine my time, get down
