

God Blocked It

Kurt Carr

There were dangers awaiting me
Destruction was sure to be
but thank God for angels
that were sheilding and protecting
and looking out for me
Thank you lord

The devil had a plan to kill me , I know
but God intercepted his plan
and told the devil no
God blocked it
He wouldn't let it be so
No, he wouldn't let it be so

I haven't lived a perfect life
Seems I've done wrong more than I've done right
but thank God for compassion and forgiveness
that kept me from a terrible plight

You see, my life was spinning out of control
that fact that I'm still alive today
ain't nothing but a miracle

God blocked it
He wouldn't let it be so
No, he wouldn't let it be so

for I've got work to do
Work to do
God wouldn't let me die
because He knew I've got work to do
Oh yes

and I've got life to live
there are blessings He wants to give
God blocked it
He wouldn't let it be so
No, he wouldn't let it be so

God blocked it

he wouldn't let it be so

It was the Lord
nobody but Jesus
