You're All The World To Me

Glee Cast

Will:
Everywhere that beauty glows, you are
Everywhere an orchid grows, you are
Everything that's young and gay, brighter than a holiday
Everywhere the angels play, you are

You're like Paris in April and May
You're New York on a silv'ry day
The Swiss Alps as the sun grows fainter
You're Loch Lomond when autumn is the painter

Emma:
You're moonlight on a night in Capri
Or Cape Cod looking out at the sea
You're all places that leave me breathless

Will and Emma:
And no wonder you're all the world to me

Emma (Will harmonizing):
And you're like Paris in April and May
You're New York on a silv'ry day

Emma and Will:
The Swiss Alps as the sun grows fainter
You're Loch Lomond when autumn is the painter

Will (Emma harmonizing):
You're moonlight on a night in Capri
Or Cape Cod looking out at the sea

Will and Emma:
You're all places that leave me breathless
And no wonder you're all the world to me
