Last To Know

Us5

I'm not gonna be the same without you US5
I don't wanna be a chapter
out of your life
I don't wanna make the decision
Can I come back home
Is the love that we have
still for real?
Bridge
I'm feelin, heartbroken, my life is torn and broken in two
I'm cryin,
these tears for you, girl what can I do ?
Chorus
I don't wanna lose you, I don't wanna let it go
I don't wanna be the last to know
Idon't wanna leave you, I just wanna be with you
If there's
more that I should know, I don't wanna know

Verse 2
I don't wanna spend my days without you
I don't
wanna bring the heartache into my life
People talking but I just don't listen
I can't be alone,
can't you see what this loves done to me
Bridge
I'm feelin, heartbroken, my life is torn and broken in two
I'm cryin,
these tears for you, girl what can I do ?
Chorus
I don't wanna lose you, I don't wanna let it go
I don't wanna be the last to know
Idon't wanna leave you, I just wanna be with you
If there's
more that I should know, I don't wanna know
