

Movin' Mountains

Kalee Hric

I know that rock is solid
At least that's what
I've been told
But if I just command it
In the name of the Lord
I can move mountains Now I'm movin mountains
Movin mountains
Movin mountains
Outta my way
Movin mountains
Every time I pray Can't move a single mountain
All by myself
But I can move
A whole range of mountains
With the Lord's help
I can move mountains Now I'm movin mountains
Movin mountains
Movin mountains
Outta my way
Movin mountains
Every time I pray Now this time around
We're gonna move some ground
You better
Get outta the way
And that ol' son of a devil
Ain't gonna have one thing to say Cause I'm talking about the power
Ya I'm talking about the word
I'm talking about the greatest news
That I've ever heard And I'm movin mountains
Movin Mountains
Movin mountains
Outta my way
Movin mountains
Everytime I pray I'm movin mountains
Movin mountains
Movin mountains
Outta my way... Outta my way
I'm movin mountains
Everytime I pray I'm movin mountains

Everytime I pray
