

Act Like You Know

Cheri Dennis

Yeah, yeah, unh

Most of the time
You'd be tripping on me
All of a sudden you want to be the police
Looking me up and down before I leave home
Making a big deal out of what I got on
But hey you need to know

You need to know
I'm still the woman you got with
And I know my place
I think you know
These things were never affecting
Now, you hate
Because you know
You're not the only one who's checking for me

But that's the way it goes
In this relationship so why (?)
You better know I'm not going to be
Rearranging everything in my world
Not going to feel bad
Pretending they were my girls
They already know that I ain't going nowhere
You want to believe to putting me out there
At night,(you need to know) you know
I'm still the woman the woman you got waiting at your place
I'm still the very same woman

I'm still the woman you got with
And I know my place
I think you know
These things were never affecting
Now you, hate
Because you know
You're not the only one who's checking for me

But that's the way it goes

In this relationship so why (?)

(Repeat 2X)

I don't mean no disrespect
But um, I was the same way when met me
And um, I'm not gonna need your shit
But um

You need to know
I'm still the woman you got with
And I know my place
I think you know
These things were never affecting
Now, you hate
Because you know
You're not the only one who's checking for me

But that's the way it goes
In this relationship so why (?)

You need to know
I'm still the woman you got with
And I know my place...
