

# The Sound of Goodbye

## Perpetuous Dreamer

Every face I see is cold as ice  
Everything I scratch is pain  
Ever since I lost imagination Like a string that flows into the sea  
I am lost for all eternity  
Ever since you took your love  
Away from me Sometimes the sound of goodbye  
Is louder than any drumbeat  
Sometimes the sound of goodbye  
Is louder than any drumbeat Sometimes the sound of goodbye  
Is louder than any drumbeat  
Sometimes the sound of goodbye  
Is louder than any drumbeat
