

# Run

## Sanctus Real

Wake up, oh my soul  
You've been sleeping far too long  
So wake up, oh my soul Stand up and be known  
You've been hiding far too long  
Just stand up and be known You gotta run, run, run into the arms  
You gotta run, run, run into the arms  
You gotta run, run, run into the arms of love There's only one way to find your help  
One place to lose yourself  
One way to find your help So reach out for your hope  
Let these arms hold you close  
Reach out for your hope You gotta run, run, run into the arms  
You gotta run, run, run into the arms  
You gotta run, run, run into the arms of love You gotta run, run, run into the arms  
You gotta run, run, run into the arms  
You gotta run, run, run into the arms of love Don't lose heart when you're feeling low  
When the road looks long and you don't know  
If you have the strength to make it home  
You're not on your own Don't lose heart when you're feeling low  
When the road looks long and you don't know  
If you have the strength to make it home  
You're not on your own You're not on your own You gotta run, run, run into the arms  
You gotta run, run, run into the arms  
You gotta run, run, run into the arms of love You gotta run, run, run into the arms  
You gotta run, run, run into the arms  
You gotta run, run, run into the arms of love
