Jah Watch Man

Ijahman Levi

I receive higher heights
When I shout out Rastafari
Every where I go
I tell it to the world to know
I am Jah living watch man
Giving account of every man action
When mercy done or when judgement come
When I shout out Rastafari
Heavier gets my load
Only they who know
This glorious sounds love I so
True words sound like thunder
To them who don't love Rasta
In his name brings forth lightening and showers
Showers of rain even moving mountains
I art Jah watch man giving account of every one
I art Jah watch manI hear weeping and wailling
And I know what's going on
I'll never be partial
I'm gonna tell it all to Jah
I am Jah living watch man
Making notes in my high tower
When questions ask I must give an even answer
When I shout out Rastafari
Heavier get my load
Only they who know
This glorious sound love I so
True words sound like thunder
To them who don't love Rasta
In his name brings forth lightening and showers
Showers of rain even moving mountains
I am Jah watch man can count on I
I am Jah watch man in a this now time
Jah watch man
