## **Empty Jar**

## **Coal Chamber**

Godless lot, it's not a lot

But it's my lot in life

No fear is my weakness I hear

When faith has been deniedGodless lot, it's not a lot

But it's my lot in life

No fear is my weakness I hear

When faith has been deniedSame as yesterday, confused

Same as yesterday, confused

Same as yesterday, confused

Same as yesterday, confusedWalkin' through sticks usin' walkin' sticks

I've stuck to this so long

What I feel is so hard to deal

So I say, "So long" Walkin' through sticks usin' walkin' sticks

I've stuck to this so long

What I feel is so hard to deal

So I say, "So long"Same as yesterday, confused

Same as yesterday, confused

Same as yesterday, confused

Same as yesterday, confusedMine is the empty jar, the empty

Mine is the empty jar, the emptyWhat you see?

(It isn't always, isn't always)

What you believe?

(It isn't always, isn't always)

Aaa

What you see?

(It isn't always, isn't always)

What you believe?

(It isn't always, isn't always)

What you see?

(It isn't always, isn't always)

What you believe?

(It isn't always, isn't always) Mine is the empty jar, the empty

Mine is the empty jar, the empty

(It isn't always, isn't always)

Mine is the empty jar, the empty

Mine is the empty jar, the empty

(It isn't always, isn't always) Mine is the empty jar, the empty Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty (It isn't always, isn't always) Mine is the empty jar, the empty YeahWhat you see? (It isn't always, isn't always) What you believe? (It isn't always, isn't always) What you believe? (It isn't always) What you believe? (It isn't always, isn't always) Ooo
