

Flatline

We Came As Romans

Crying out, are you there?
Nine one one is it too late
Send a sign, send a prayer
Dying for a better day
I won't make it through tomorrow
If I don't make it through today
My critical condition's holding me Blacked out, I think I've had enough
Bright lights, waiting for Kingdom come
No time, stand by, break the flat line
Wake up, give me a vital sign
White lights but I won't say goodbye
No time, stand by, break the flat line
(Oh oh oh oh, oh oh oh)
(Oh oh oh oh, oh oh oh) Calling out, can you hear?
Anyone, am I okay?
Show me why, show me where
To find a place where I'll be safe
I won't live to see tomorrow
If I don't live to see today
My critical condition's killing me Blacked out, I think I've had enough
Bright lights, waiting for Kingdom come
No time, stand by, break the flat line
Wake up, give me a vital sign
White lights but I won't say goodbye
No time, stand by, break the flat line Come back, you better take a breath
Come back, before there's nothing left
Come back again, come back again
Break the flat line
Come back, you better take a breath
Come back, before there's nothing left
No time, stand by, break the flat line (Oh oh oh oh, oh oh oh)
(Oh oh oh oh, oh oh oh)
(Oh oh oh oh, oh oh oh)
(Oh oh oh oh, oh oh oh) (Blacked out, I think I've had enough
Bright lights, waiting for Kingdom come)
No time, stand by, break the flat line
Wake up, give me a vital sign
White lights but I won't say goodbye
No time, stand by, break the flat line (Oh oh oh oh, oh oh oh)

I've had enough
(Oh oh oh oh, oh oh oh)
Break the flat line
(Oh oh oh oh, oh oh oh)
I've had enough
(Oh oh oh oh, oh oh oh)
Break the flat line
