

The Agency Group

Alvways

parked outside of the agency
wondering if you can sneak away with me
I'll admit I've been losing sleep
rifling through your toxicology
when you whisper you dont think of me that way
when I mention you don't mean that much to me
to me
an outcast of modern society
suffering from a case of sobriety
shortcomings you can take your pick
when you are catering to one of your nervous ticks
when you whisper you dont think of me that way
when i mention you don't mean that much to me
to me, to me
you know that it will take much longer
before it's what you know that it will take much longer now that I'll be gone
it's gone
the sun
it's gone
when you whisper you dont think of me that way
when i mention you don't mean that much to me
when you whisper you dont think of me that way
when i mention you don't mean that much to me
to me, to me, to me, to me, to me, to me
