New Death Sensation

Acid Bath

I wonder have you ever seen the sky
And felt this weight upon open eyes
New death sensation
New death sensation
IlluminationFlesh flowers dream to bloomWe dance the stone death naked by the shore
I hear her highway song forevermore
Illumination
New death sensation
Empty is this tomb
Lay this flesh to wasteLet the pieces fall where they mayInsects play their sunshine games
Splashing blood on my soul
Crisp black kiss upon my skullLay this flesh to waste
Let the pieces fall where they may
Let the worms play their sunshine games
Splashing blood upon my soul
Crisp black kiss upon my skullEmpty is this tomb
