Ah, you hear me  
Mr. Super Sako  
Soup tank coups in Morocco  
Why we keep it gangsta I move like a vakko  
I am the king you're the queen in my caso  
Give you everything if I got to  
Yeah, I know you love me like French toast  
Pacific coast moving in the drop coast  
You put your makeup on I gotta drive slow  
I notice life I'm living left you heart broke  
Also, blind over matter  
I paid em no money  
You all that matter  
I messed up our hatchet  
Let's sweet on a Saturday  
Forget what they had to say  
Ah, gave you my heart like an open door now  
And all you left me with is your Chanel aroma  
It's hell without you, I wish I cloned you  
I'm contemplating whether if I should phone ya  
Kez xndrum em mi gna  
Mi gna gna gna  
Mna im grkum mna  
Im grkum mna mna

Then I was poor and now we touring Barcelona  
Fly to vegas got a meeting with the owner  
We could get the penthouse if you want to  
I know the bullshit we've been through make us stronger  
If I get down on one knee would you come back to me  
Baby we should talk about starting a family  
Actually, we can talk about the ring size  
MGA, managee fight sitting ringside  
Keep her all laid down she don't mess with Levi's  
Thats how we do when you messin' with these guys  
Uh, I mean me and myself and I  
I mean me and my girl my stay fly, uh  
First class Versace on her eyelid  
Private jet, fly to cuban islands  
And when i mess up I buy her diamonds, soKez xndrum em mi gna
