

Greetings

P.O.D.

Greeting, brethrens and sisterens, the P.O.D.

Comin' at ya with The Fundamental Elements

Of this little place we call the south town We come to ya with authority, we bring wisdom in the power

We bring strength and might, so if you have eyes to see

And you have ears to hear, I'll tell you this

You will understand these truths, so Jah peoples right on

Jah people right on, for this is our reality
