Why Don't We Go Home?

Bis

time was when i could forget about feelings
time was when i should have stopped all my breathing
give me the day when my hope evaporates
i'd change my name anywayyou and i
open wide
why don't we go home?
too much time wondering why
shouldn't we go home?i'd never feel that my time was so precious
if i could forget
all i'd learnt from your lessons
two contradictions can make me uncentred
i need a balance tooyou and i
open wide
why don't we go home?
too much time wondering why
shouldn't we go home?
