Let It All Out

Sticky Fingers

I'm a let it all out
I don't even care now
Let her walk away
If you wanna blindly
Walk along beside me
I got a place to stayIt's not a matter of dress
It's just a matter of time
Cuz all the girls in the world
You know you wanna be mineD-d-d-d-d-d-d-d-d-d
LalalalalalalalaI put it in my hair
Show em that I dog gone careI'm a let it all out
I don't even care now
Let her walk away
If you wanna try me
Hook it in a pipe dream
I gotta trick to tradeI been waiting on a friend
I could never understand
Tryna keep my swollen head
Out of the sand
The driest desert in the land
Couldn't stop these dusty hands
I'm a reach dem waters
Through my master planI put it in my hair
Show em that I dog gone care
It's fine and it's only fair
Jump in my souped up bedIma let it all out
I don't even care now
Let her walk away
If you wanna to find me
I'll be waiting shyly
In the summer shade
