

August All Around You

Jason Rubero

Take your wishes from the air

You know it's all around you

It's all around you

Take your stitches from the snare

You know it's all around you

It's all around you

Take some chances, don't be scared

You know they're all around you

They're all around you

And if you think your compass points

Nowhere you know

It's all around you

It's all around you

Now that I've found you

I know I'm never gonna let you

I'm never gonna let you go

My love is neither here nor there

It's all around you

It's all around you

My love is neither here nor there (And when I find you)

It's all around you (I know I'm never gonna let you)

It's all around you (I'm never gonna let you go)
