

Dancing In My Head (Michael Woods Club Mix)

Eric Turner

Sugar caught me by surprise
Saying something in her eyes
Feels like I just kissed the curse
Met a girl and there ain't no words for her

Down the sunset

Up the lights

Eh people it ain't right

I couldn't reach her anymore

Why people didn't I let her know?

[Chorus]

That girl I shouldn't have let her go

She's still dancing in my head (x2)

[Oh yeah baby, keep on dancing, keep on dancing

She's still dancing in my head

Oh yeah sugar, keep dancing, keep dancing

She's still dancing in my head] (x2)

Open doors materialized

Disappear before my eyes

I felt like I've ben dealt the worst

Hand, I do believe I have been cursed

Down the sunset

Up the lights

Eh people it ain't right

I couldn't reach her anymore

Why people didn't I let her know?

[Chorus]
