

Church Rock

Deitrick Haddon

Y'all know me D. Haddy this swag I get it from my daddy
Where my clothes fitted don't sag
Walk around with my own theme music in my bag
I gotta new dance original it's taking over little
Got it from the saint marching in
took to the floor and broke in
Put your hands in the air give God praise
Then take a minute do it you way
Tell the DJ don't stop
When you hear the beat drop Church Rock
You can do it I know you can do it
All around the world when you hear the beat drop stop let me see ya Church Rock
Move Church Rock, let me see ya
Let me see ya Church Rock
Move Church Rock you can don't it
You can do that Church Rock
Move Church Rock don't stop until you learn the Church Rock
All the time I like the way they do it that way UK they keep it Church Rocking all day
I want my people in Paris to dance
Kanichwa can I get the saints in Japan
I got the whole world to the beat of one drum look and what D.D done D.D done done
We got our own way we giving God Praise if you don't want to dance move out my way
Man don't tell me you done lost your soul
Soul lost your dance cry no more
You need to heat it up Holy Ghost fire
Turn the beat up higher
3x: You can do it
All around the world when you hear the beat drop stop and let me see you Church Rock
Dance ooo let me see yeah church rock yeah Church Rock don't stop until you learn the church rock
