Gangsta Party

Joe Budden

AyooCome quick, see
If you have a way wit' me
I know you wanna play me
All night, night, nightGirl look, see
Everything in the club is free
Thats how it is when you wit' an O.G.
Wit big money
Girl we gon leave right after this party1, 2, 3 and to the four
Tell me whats good y'all, it's ya boy Joe
No need to answer y'all, already know
Plenty fifths of vodka, few jars of dro
I give a fuck if they play this on the radioGz in the buildin', it's all gravy though
I jus came for a lil' bit fellatio
'Cause 25 to 1 is the ratio
Got cops outside like nah this cant beNo need to ice grill, we all family
We all got cash, none of us is punks
But my ratchet on me, yours is in the trunk
Think that through fam, minds well quit here
'Cause you wont get a chance to get thereNow let's ride, baby let's slide
If you wan ride
Car is outside
Gangsta let's rideThis is a gangsta party
We came to smoke in this party
Let's get it crunk in this party
We came to drink in this party
(Whoa, whoa, whoa)Whats up but after this party
(Whats good?)
We came to leave wit somebody
How about yo team, meet up wit' my team
And Ima show yall how gangstaz leanCome wit' me
Lemme know if you smoke that weed
What do we have here now, if you puff la, la, la
I mean la, la, la, la, la, la, la, laLook baby, Ima thug and gentleman
So Ill buy you a Corona
And at the same time try to bone ya
I wont stalk ya, keep tryna phone ya
Ill pass the ounce, get as high as you want to
Leave wit' a G, what harmll do yaWont dim the lights and throw on some Luther
Legs behind, head in the headboard calm and soother

Like ma get looser
Whens the last time you had a Don seduce ya?
Look here this is rap this aint Karma SutraNow let's ride, baby, let's slide
If you wan ride
Car is outside
Gangsta, let's rideThis is a gangsta party
We came to smoke in this party
Let's get it crunk in this party
We came to drink in this party
(Whoa, whoa, whoa)Whats up but after this party
(Whats good?)
We came to leave wit somebody
How about yo team, meet up wit' my team
And Ima show yall how gangstaz leanLet's get up tonight
Lemme know who wanna fuck tonight
When we done we can break up tonight
I had a wonderful time, thanks but goodnightGot my team wit' me, if you like me
If she aint wifey, then she cant be seen wit' me
All of these hoes wanna seem pretty
But you the only one I wanna bring wit' me
Need to chill ma, on real maOnly thing I chase is a dollar bill ma
So before I go ahead and get the champagne poppin'
Hoe lemme know if it aint a damn thing poppin'
Leave at three, arrive at four
At five get live, at six youll want moreNow let's ride, baby, let's slide
If you wan ride
Car is outside
Gangsta, let's rideThis is a gangsta party
We came to smoke in this party
Let's get it crunk in this party
We came to drink in this party
(Whoa, whoa, whoa)Whats up but after this party
(Whats good?)
We came to leave wit somebody
How about yo team, meet up wit' my team
And Ima show yall how gangstaz lean
