

# Just Another Victim (T-Ray Devil Worship mix)

## Helmet & House Of Pain

Victimized  
But you're in bed  
Stumble out  
And run dead  
If it ever paid  
To self start  
Enviroment  
Make you smartJust another victim  
Just another victim  
Just another victim, kidI heard it once  
But not before  
Begging off  
And livin' bored  
My hands are tied  
Webbed feet again  
Fell in behind  
And claim us deadJust another victim  
Just another victim  
Just another victim  
Just another victimCast this  
In spite of truth  
Give it up  
I'll lie to you  
Blame and flame this  
Turnid stat (???)  
Pointed finger  
You fall apartJust another victim  
Just another victim  
Just another victim  
Just another victimYou played yourself  
Now you're pointin' fingers  
How i've robbed and raped ya  
Bruised and scraped ya  
But those are just lies  
Cause in your eyes  
You've been victimized  
It's how you size it up  
You disguise it up  
And try to make it look real

To cover up the low self esteem you feel  
Introspection  
And afterthought  
Swimmin' in guilt's your favorite sport  
But now you're caught up  
In the undertow,  
You never knew a man  
Could sink so low  
But now you know  
Cause you're John Doe  
In a black bag  
A tag on your toe  
I built the House  
I felt the Pain  
You're victimized  
But got no one to blame Just another victim  
You're just another victim, kid  
Just another victim  
You're just another victim, kid Holy diver  
I'm a survivor  
Feeling like DeNiro  
In Taxi Driver  
With Jodi Foster  
And Harvy Keitel  
Looks like I'm walkin'  
Through a livin' hell  
So spark that owl  
And I'll get lifted  
Feelin the effects  
Of what my spliff did  
Cause I'm gifted  
I read Sun Tzu  
I bought a gun too  
So you'll never come too  
The weight of the world  
Ridin' on my shoulders  
Cause I'm a soldier  
I thought I told ya You're just another victim  
You're just another victim, kid  
You're just another victim  
You're just another victim, kid
