

# Coupe de Ville

## Si Cranstoun

Now it was early on a weekday morning,  
and it seemed a sunny day was dawning  
and we were down along a road side stalling  
as they did a bit of rockin rollin And wah then the thunder roar of a 5 point 4 V8  
and all I got to see was a little bit of me in the rear tailgate. Coupe Deville you roared up and you took my  
everything  
stole my pretty girl away from 4 wheels in a spin. You destroyed me with that 2 door 53,  
I cant conceal, my stories real  
coz the girl left me for a Coupe de Ville. Now I confess that youre a handsome devil  
and youre driven by a rockin rebel  
and youre riding on a different level  
in the finest way a man can travel. And wah then the thunder roar of a five point 4 V8  
and all I got to see was a little bit of me in the rear tailgate. Coupe Deville you roared up and you took my  
everything  
stole my pretty girl away from 4 wheels in a spin. You destroyed me with that 2 door 53  
I cant conceal, my stories real  
coz the girl left me for a Coupe de Ville. And wah then the thunder roar of a 5 point 4 V8  
and all I got to see was a little bit of me in the rear tailgate. Coupe Deville you roared up and you took my  
everything  
stole my pretty girl away from 4 wheels in a spin. You destroyed me with that 2 door 53  
I cant conceal, my stories real  
coz the girl left me for a Coupe de Ville. Wo Baby, I cant conceal, my stories real, coz the girl left me for a  
Coupe de Ville.  
Believe me, I cant conceal, my stories real, coz the girl left me for a Coupe de Ville.
