[Intro: Drake +]

Yeah, for the dogs dem, you know
 Man when shit gets like this, in the whole city
 You know shit ain't gonna stop
 You know shit gonna get a lot more worse before it get any better[Verse 1]
 Momma hit my phone and said rap's no good
 Better than her telling me the check's no good
 Now they wanna act like I do no good
 Funny cause I really did more than I should
 I made a decision last night that I would die for it
 Just to show the city what it takes to be alive for it
 Can't get me on the line so they hang me out to dry for it
 You know 40 wants peace, but I'm down to cut ties for it
 And I can't sleep these days unless I take one
 If they don't have a story these days, they'll make one
 Life is always on, man, I never get a break from it
 Doesn't matter where I go, I can never get away from it
 They give me loyalty and I don't gotta pay for it
 Same way, breads gotta break for it
 Keeping people fed is my only peace of mind now
 And I turn the six upside down, it's a nine now
 I made a decision last night that I would die for it[Hook]
 (Dying, dying, yeah, that's the six)
 (Dying, dying, yeah, that's the six)
 (Dying, dying, yeah, that's the six)
 (Dying, dying, yeah, that's the six)[Verse 2]
 All these hand outs, man it's getting outta hand
 I'mma start telling niggas "Get it how you can"
 I got it right now so I'm everybody's friend
 If I ever lose a bet, we never speak again
 I made a decision last night that I'd die for it
 Just to show the city what it takes to be alive for it
 First place, first place, man we can't be tied for it
 I only drove it five times, paid 1.5 for it
 Keychain go jangalang, I wanna do major things
 MJ in every way, I just don't fade away
 Six upside down, it's a nine now
 Like Mannie, like Stunna, man, shit is big time now
 And I made a decision last night that I would die for it
