Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our thingsDark cloud
Descended again
Has a dark cloud descended again
Has a dark cloud descended again
And a shadow moves inDark cloud
Descended again
And a shadow moves in the darknessDark cloud
Descended again
Has a dark cloud descended again
Has a dark cloud descended again
And a shadow moves in the darknessDark cloud
Descended again
And a shadow moves in the darknessBeasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
But we don't appreciate our things
Beasts don't have a second to think
