

# All I Have

## RoadLash

The beauty in your eyes still sustains me  
And I know if I were to spit in your face  
    You would take me back  
    You would love me  
    You would take me back  
    I know you would love me  
    If I were to stab you in the heart  
You would bleed for me if it made me happy  
    If I were to stab you  
    You would bleed for me  
    I am nothing that's of worth to you  
    Take all I have  
Though I may never understand it  
    I won't stop believing  
    You offer me another chance  
        A new solution  
        An' I don't understand it  
        But I won't stop believing  
There is nowhere I would rather be than in your arms  
    You've proven time and again who you are

I continue to run away  
    But you're right here  
    You take me back  
    You're right here  
    I am nothing that's of worth to you  
    Take all I have  
Though I may never understand it  
    I won't stop believing  
    You offer me another chance  
        A new solution  
        An' I don't understand it  
        But I won't stop believing  
    I am nothing that's of worth to you  
    Take all I have  
Though I may never understand it  
    I won't stop believing  
    You offer me another chance  
        A new solution

An' I don't understand it  
But I won't stop believing
