

# I Will Destroy the Wisdom of the Wise

## A Bullet For Pretty Boy

[Intro] x2  
I cant look at what weve done  
And make it all ok  
All hope is found in you  
We know its found in youTake us and let us see x2  
All we need is to see /Let us carry on through the night x2Take us and let us see x2  
All we need is to see /It's like they poisoned us overnight. x3  
How much can they take?  
We all need to take charge (We can wake them)Speak now and save this world x3  
When silence is deafeningWhen silence is defeaning  
The world is set aflame  
God is real  
And we stand strong  
Speak now and save this worldSo write this down  
As it comes  
As a reminder  
For when your lost  
This shall come to mindAll was offered  
All was offered  
Oh!We are not of this world  
We are of God  
(Breakdown)[x3]  
Weve become so  
Lost in how we think it is supposed to be  
Let us become one  
Voice because we were meant to singWe look to you father  
The day has actually come  
Where they will tell us lies  
These words are not in the book  
Dont tell us what you think  
Dont preach to us in vane  
Tell us about the truthI have come to destroy the wisdom x2  
I have come to destroy the wise  
I have come to destroy the wisdom (of the wise)
