

# Daddy

## Luscious Jackson

Inbred white bread fat head  
I'll get you but I'm not ready yet  
    You're my daddy  
And you're no good baby  
    You're my daddy  
And you're no good baby  
    You got blue blood  
    You got pink skin  
    You got black eyes  
    You got yellow fingers  
White skin black eye blue blood  
Born free ready to shed blood  
    You're my mommy  
And you're no good baby  
    You're my mommy  
And you're no good baby  
    You got a big butt  
    You get fucked up  
  
    You got pink skin  
    You got yellow fingers  
Looking at me with crossed eyes  
    Your mom and dad were  
    Cousins of the same kind  
Inbred white bread fat head  
I'll get you but I'm not ready yet  
    You're my family  
And you're no good baby  
    You're my family  
And you're no good baby  
    You did the crime  
    Now you got some  
    But next time  
    Its a new morning  
White skin black eye blue blood  
Born free ready to shed blood
