Hello Dearest Love

The Appleseed Cast

welcome home
her eyes know
mistakes you've made
the plans you laid

your love, it means so much
a simple ring, your fingers touch
break away
your smile faints, and lets us through
plan it truth, it is to soon to ignore

she's not here
standing clear
in front of you
it's just a dream

times up, she's gone away
you had your time, but it won't stay
not this time
soon enough, you'll kill them all
every chance to break your fall
you'll get it in

she's the one
bright as the sun
stops you there
right on the stairs
and falling back
when stars are black
stripes on fire
