

# Hello Dearest Love

## The Appleseed Cast

welcome home  
her eyes know  
mistakes you've made  
the plans you laid

your love, it means so much  
a simple ring, your fingers touch  
break away  
your smile fades, and lets us through  
plan it truth, it is too soon to ignore

she's not here  
standing clear  
in front of you  
it's just a dream

times up, she's gone away  
you had your time, but it won't stay  
not this time  
soon enough, you'll kill them all  
every chance to break your fall  
you'll get it in

she's the one  
bright as the sun  
stops you there  
right on the stairs  
and falling back  
when stars are black  
stripes on fire
