

# Biko

## Bloc Party.

You're not doing this alone  
You're not doing, you're not doing this alone  
For my sweetheart the melancholic  
You have crossed the River Styx  
And the waves have taken you away  
As I lay my head on your chest  
I can hear it in your veins  
Wake me up when you come to bed  
So toughen up  
Biko, toughen up  
Biko, toughen up  
This world isn't kind to little things  
You're not doing this alone  
Was my love not strong enough to  
Bring you back from the dead?  
If I could eat your cancer I would but I can't  
You're not doing this alone  
So I've been writing these songs for you  
To steal you from your grave  
We can dance in a front row again  
So toughen up  
Biko, toughen up  
Biko, toughen up  
I need you to be strong for us  
So toughen up  
Biko, toughen up  
Biko, toughen up  
This world isn't kind to little things  
You're not doing this alone  
Don't you know that when you stand  
You stand up for the both of us?  
Remember that when the darkness looms  
You're not doing this alone  
Every tear you shed is cleansing  
Taking the pain away from you  
I left you blueberries in the fridge  
The little things that I can do  
So toughen up  
Biko, toughen up

(That I can do)  
Biko, toughen up  
(That I can do)  
I need you to be strong for us  
So toughen up  
Biko, toughen up  
Biko, toughen up  
This world isn't kind to little things  
You're not doing this alone, you're not doing this alone  
You're not, you're not doing this alone  
You're not doing this alone, you're not doing this alone  
You're not doing this alone, you're not doing  
You're not doing this alone  
Resist, resist  
Resist, resist  
So toughen up  
(Resist)  
Biko, toughen up  
(Resist)  
Biko, toughen up  
(Resist)  
I need you to be strong for us  
(Resist)  
So toughen up  
(Resist)  
Biko, toughen up  
(Resist)  
Biko, toughen up  
(Resist)  
This world isn't kind to little things  
(Resist)  
You're not doing this alone  
You're not doing, not doing this alone
