

Everlasting (Woody Berend Remix)

Pollock

Depressing times, indeed
Ignoring messed-up thoughts
A peaceful mind
Someone to kiss and kick you
Uhhh
Feels like rust
Go over the top
With no one to bring me down Tied up in Babia
Thinking this is fun
Should be everlasting
But soon becomes dull So I'm fighting through the crowd
Ignoring so called friends
Confined dead ends
But then I get this feeling
Uhhh
A long term joy
I'm up in the cloud
Not sure how to get back down Tied up in Babia
Thinking this is fun
Should be everlasting
Resting with no one Crystal and tar combined
Dead and alive
And sounding so sleepy
Uhhh
Shifty eyes
Start to idolize
I don't wanna be social Tied up in Babia
Thinking this is fun
Should be everlasting
But soon becomes dull
