

# If There's a God

[Ry Cooder](#)

Republicans changed the lock on heaven's door  
Keys to the kingdom don't fil no more  
The poor working man like me and you  
If we ain't got money we won 'I get through  
If there's a God I think He's got to bottle up and go  
If there's still a God in heaven He's got to hit that lonesome road  
No more Jesus, Mary and Joe  
They done passed Heaven Bill 1070  
Restricted signs everywhere you go  
I think they want to bring back old Jim Crow  
If there's a God I think He's got to bottle up and go  
If there's a God in heaven He's got to hit that lonesome road  
Angel Gabriel said it won't be long  
Republiklan is getting strong  
Heaven folks are feeling bad  
Lose everything we ever had  
If you brown you can 't hang around  
If you black better step way back  
If you' re red you' re better off dead  
If you poor and white you just ain't right  
If there's a God I think He's got to bottle up and go  
If there's a God in heaven He's got to hit th at lonesome road
