

# Back to Back

## Tony Banks

He's not the only one  
To think that things are going wrong  
And all around is only second bestTime was when all was fair  
And we built solid castles in the air  
He said that back to back in time's the way to goBetter in my day  
I hear everybody say  
But then they'll still be saying it tomorrowIt's so hard to take it  
When your time is over  
Yes it's hard to take it  
When you try to rememberBetter in my day  
In my way  
Can't you seeBetter in my way  
Here today  
Don't you seeI remember well he said  
When great men led the way instead  
Of manicure and media-hugging styleBut I don't know what to do  
From now on we'll always lose  
He said that back to back in time's the way to goBetter in my day  
I hear everybody say  
But then they'll still be saying it tomorrowIt's so hard to take it  
When your time is over  
Yes it's hard to take it  
When you try to rememberBetter in my day  
In my way  
Can't you seeBetter in my way  
Here today  
Don't you seeHe's not the only one  
To think that things are going wrong  
And all around is only second bestBut I don't know what to do  
From now on we'll always lose  
He said that back to back in time's the way to goThe only way to go  
Try to rememberOh, better in my day  
Better in my way
