We've Arrived! (And to Prove It We're Here)

The Rutles

We've arrived and to prove it we're here
We've arrived and it's suddenly clear
That we're here to stay for more than a day
Maybe a week or a yearWe've arrived and to prove it we're here
We've arrived and to prove it we're here
We've arrivedFrom thirty thousand feet above the ocean
Flying high in the sky
To thirty thousand fans showin' their devotion
Hear them scream and cryWe've arrived and to prove it we're here
We've arrived and it's suddenly clear
That we're here to stay more than a day
Hey, maybe a week or a yearWe've arrived and to prove it we're here
We've arrived and to prove it we're here
We've arrived and to prove it we're here
We've arrived and to prove it we're hereWe've arrived
