

# We Be On It

## DeJ Loaf

[Hook 1] [x2]

Yeah, we be on it, we be on it

We be on it, yeah, we be on it

Yeah, we be on it, yeah, we be on it

Getting to the money, getting to the money[Bridge] [x2]

I woke up like this

Tell these super lame bitches to boss up like this

Shit deep, they ain't know that I was cut like this

Yeah, all my niggas cut like this

Yeah, I get a rush from this[Verse 1]

They be like, "who that?"

She a little thug, she be rapping like she 2Pac

All I need is gold teeth to go with this toothpick

Tryna pull up in the Ghost on these bitches like boo-yeah

I don't gang bang but I put your whole crew wacked

Strip a nigga naked, I'm like how you wanna do that?

Bitches they be tripping, we better keep a shoe strap

Hating ass niggas in the way, I tell them move back, cause[Hook 2]

We be on it while y'all yawning

Yeah, we be on it while y'all yawning

Getting to the money, early in the morning

While y'all yawning
