

Kontroll

Gaspard

(Control)I can't breathe
The air is getting cold
I can't breathe
Keeping my control
I can't breathe
Starting to lose hold
I can't breathe
Keeping my control, keeping my control
Losing - don't lose it(Losing in your mind - Keep it on time)
(Losing in your mind - Keep it on time)Underneath you'll be capable
To hear the voices to see them all
You're the lightning
You set the fire
CandlelightShining light fades away
I'm losing now, show the way
I hear your sigh, though I'm away
Shining light(Control)
Losing it in mind
(Control)
I can't breathe
(Control)
(Control)
(Control)
(Control)Shining light fades away
I'm losing now, show the way
I hear your sigh, though I'm away
Shining ligh
