

# Girl

## Marc Bolan

O God  
High in your fields above earth  
Come and be real for us  
You with your mind  
Oh yes you are  
Beautifully fineO Girl  
Electric witch you are  
Limp in society's ditch you are  
Visually fine  
Oh yes you are  
But mentally dyingO boy  
Just like a boat you are  
Sunk but somehow you float you do  
Mentally weak  
Oh yes you are  
But so much you speak
