

You're My Everything

Anita Baker

Oh baby I've got the sun in the morning
I've got the moon at night
I've got your arms around me, everything's alright
Hold me real tight is how I'd like to spend
The, the rest of my life Feel the warm breeze below me
Down through the trees, ah
I've got your love beside me child, that's all I need
My heart and soul is wide open to you
Nobody but you sweet baby
Ah, but you Got to know that I want you baby
Got to know that I need you darling
I just want to say you're my everything
Back for all the songs that I sang of happiness and joy you bring
I just want to say you're my everything Want to hold you
How I adore you
You've got that special touch that I long for oh so much
Boy, I'm amazed at how you write our laughs Oh I
Got to hold you near
'Cause, I know that what you do
You bring out the best in me
My heart and soul is wide open darling
Nobody for you sweet darling
No one but you Got to know that I want you baby
Got to know that I need you darling
I just want to say you're my everything
Back for all the songs that I sing of happiness and joy you bring
I just want to say you're my everything Baby, baby, baby, oh yes! Child you possess what all true love should be
'Cause I depend on you to keep loving me
Yeah oh 'Cause you baby
Oh, oh, darling
I, yes
Oh baby
