Illuminate

[Orbital](#)

Paint the world in bloom
Find a way to open all the joy
In order to illuminate
Fireworks in the blueYou're the first and every child
To show me where the real light isBuilding a wall inside
A wall round my heart
Building a wall inside, yeahBuilding a wall inside
A wall round my heart
Building a wall inside, yeahPaint the world in bloom
Find a way to open all the joy
In order to illuminate
Fireworks in the blueYou're the first and every child
To show me where the real light is
Show me where the real, light is
