[DMX](#)

I'm sayin' though yo, I been hearin' shit about this kid X, man
I think that nigga bullshit word up
(Yeah)
Been hearin' mad shit about he be robbin' niggaz and shit
(Yeah, what you know about that?) I'm just sayin' man, what people be sayin'
You know what I'm sayin'?
(What people, who?)
All types of people
(Crack heads or what? Drug addicts?)
Naw, naw niggaz be sayin he robbin' niggaz and stuff like that That's, that's wack yo
(That's bullshit, yo, you rob niggaz, what the fuck you talkin' 'bout?)
I'm sayin' I, I do mine but he rich
He a rich nigga, he don't need to rob nobody
(Come on nigga, you ain't [Incomprehensible])
(The fuck you talkin' 'bout) You know, I know your pops, he told me
You's a little knucklehead mothafucker
You need to raise, you need to stop
You need to go to the Mars or sumthin' like that You need to get your shit together man
You out here listening to all these niggaz on the corner
Smokin' blunts and 40's, and all that shit
That shit look cool and all that, your head ain't right
