

# Something Cool

[Eileen Farrell](#)

Something cool, hey, won't you pour me?  
Something cool, set one up for me  
Anything will do  
Just make it something coolSomething sad, hey, won't you play me?  
Something sad, play one that slays me  
Play me something blue  
To go with something coolThere's an old flame burning in me  
Like the sun in a July sky  
Seems to me, I'm always thirsty  
Since she left me high and drySomething cool  
Something coolThere's an old flame burning in me  
Like the sun in a July sky  
Seems to me, I'm always thirsty  
Since she left me high and drySomething cool, hey, won't you pour me?  
Something cool, set one up for me  
Anything will do  
Just make it something cool
