

# Don't Let This Be the End

## New Found Glory

Yes, your motives are tasteless  
But your mouth is so bittersweet  
When my worst fears surround me  
I'll just wait for you to sweep me right off my feet  
And your face turns blush red  
As you scream for forgiveness  
The mistakes you can't forget  
Is the regret that you'll live with  
Hey  
We're starting to break up  
We're starting to break up  
So please don't let this be the end  
I'm not afraid of the consequence  
I'll take the blame for it all  
Oh, for the sake of the argument  
I'll just wait for my conscience to call  
Hey  
We're starting to break up  
We're starting to break up  
So please don't let this be the end  
We're starting to break up  
We're starting to break up  
We're starting to break up  
So please don't let this be the end  
This is something new, oh  
And it's not what I'm used to, oh  
This is something new  
And I just might end up losing you  
Hey  
We're starting to break up  
We're starting to break up  
So please, don't let this be the end  
Please don't let this be the end  
Please don't let this be the end  
Please don't let this be the end  
All yours, all that we've done  
(We're starting to break up)  
Can't forget the places that you have been  
(We're starting to break up)  
I know that I'll see you again  
(See you again)
