

# Despair in the Departure Lounge

## Arctic Monkeys

He's pining for her in a people carrier  
There might be buildings and pretty things to see like that  
But architecture won't do Although it might say a lot about the city or town  
I don't care what they've got, keep on turning them down  
It don't say the funny things she does  
Don't even try and cheer him up, because it just won't happen He's got the feeling again, this time on the  
aeroplane  
There might be tellys in the back of the seats in front  
But Rodney and Del won't do Although it might take your mind off the aches and the pains  
Laugh when he falls through the bar but you're feeling the same  
'Cause she isn't there to hold your hand  
She won't be waiting for you when you land It feels like she's just nowhere near  
You could well be out on your ear  
This thought comes closely followed by the fear  
And the thoughts of it makes you feel a bit ill Yesterday I saw a girl who looked like someone  
You might knock about with  
And almost shouted And then reality kicked in within us  
It seems as we become the winners  
You lose a bit of summat  
And half wonder if you won it at all And don't say ow 'cause you've got no idea  
And she's still nowhere near  
And the thought comes closely followed by the fear  
And the thoughts of it makes you feel a bit ill Despair in the departure lounge  
It's one and they'll still be around at three  
No signal and low battery, what's happened to me?
