

Dear Uncle Sam

Loretta Lynn

Dear Uncle Sam
I know you're a busy man
And tonight, I write to you
Through tears with a trembling hand My darling answered
When he got that call from you
You said you really need him
But you don't need him like I do Don't misunderstand
I know he's fighting for our land
I really love my country
But I also love my man He proudly wears the colors
Of the old red, white and blue
While I wear a heartache
Since he left me for you
